Fiore Design Honored with Silver Award from the 2026 Summit Creative Awards

HAVERFORD, PA, September 3, 2026 - Fiore Design, an award-winning graphic design studio located on the Main Line, is proud to announce they have won a Silver 2026 Summit Creative Award in the Industry Self-Promotion category for their 2026 Calendar.

“When we have an opportunity to create something for ourselves it allows us to stretch our creative boundaries and have fun as a team. Which in turn benefits our clients by bringing new perspectives and unexpected creative solutions to other projects.” said Karen Fiore, CEO.

“This year’s calendar theme was ‘lucky charms’ and each member of the design team researched and custom illustrated each month and motif”, adds Fiore. “We typically start planning for the calendar theme in the summer months and work on it as time allows for the following five months of the year. The calendar is printed locally by Fireball Printing and distributed to our clients and partners as a thank you for their support.”

About Fiore Design
Approaching their 20th anniversary, Fiore Design provides graphic design services for the pharmaceutical industry as well as non-profits, corporate and small businesses, schools and more. Fiore Design specializes in environment graphics, wayfinding, branding, direct mail and marketing collateral. They are a comprehensive design solution and partner to their clients fostering long-term relationships.

About Summit Creative Awards
With over three decades of excellence, Summit Awards is the premier authority in recognizing exceptional achievements in marketing communications and creative sectors.

The Summit Creative Award is the flagship program and levels the playing field by limiting eligibility based on company size. This ensures small and medium-sized enterprises can compete alongside industry giants, showcasing their creative brilliance.
